

AGAIN THE ASSASSIN.

M. Labori, Dreyfus' Chief Counsel,
Shot Down on Way to Court.

DOCTORS SAY HE CANNOT LIVE

RENNES, Aug. 14.—Two men ambushed Maitre Labori, counsel for Dreyfus, and one shot was fired, hitting Labori in the back. M. Labori fell in the roadway. He is still alive.

Maitre Labori left his house alone for the court at about 6 o'clock this morning. His residence is situated in the suburbs of the town, about a quarter of an hour's walk from the Lycee, the route being along a solitary road beside the river Vilaine. He had reached a point half way on his journey when two men who had evidently been lying in wait for him, rushed out of a narrow lane and one of them fired a single shot from a revolver. The murderers were only a couple of yards behind their victim, and the bullet struck Maitre Labori in the back.

The wounded man uttered an agonized cry and fell flat on his face. The murderers immediately fled through the lane from which they had emerged and both escaped.

At 7:30 o'clock it was announced that the bullet had entered the stomach; that there was no outward bleeding and the physicians believe that M. Labori will die from the wound.

A later story has it that M. Labori was shot in the temple by a man who fired a revolver at him outside the court and that the miscreant was arrested.

MR. CROKER TALKS.

Says He Has No Candidate for the Presidency—Frances Bryan.

NEW YORK, Aug. 14.—Richard Croker, referring to W. J. Bryan, said: "Bryan is one of the greatest men the United States has ever produced. He is closer to the people than any other man, and is trusted by the masses, who understand him and appreciate him. But that does not mean that I shall work for the nomination of Mr. Bryan or that I think he is the only man fitted for the nomination. He is as good a man and leader as could be found. But I have no candidate."

"It is for the convention to name the man and the convention will not meet for at least ten months. It would be a travesty on popular suffrage to pick the candidate before the people's delegates meet, and I shall have no part in making such a selection. I shall not even try to influence the New York state delegation for anybody."

"Will Tammany make another fight against free silver as it did at the last election?" was asked.

"I don't know," said Mr. Croker. "There's lots of time and every issue may change except the ones against trusts and against imperialism and slaughter."

DESPERATE WORK OF RECRUIT

Kills Two Police Officers in a Cold Blooded Manner.

DENVER, Col., Aug. 14.—Two police officers were murdered here at 1 o'clock yesterday morning by a recruit belonging to Company L, Thirty-fourth volunteer infantry, now stationed at Fort Logan. Three soldiers had been raising a disturbance in Louis Klipfel's saloon and Officer Tom Clifford was notified of their action and asked to keep his eye on them.

He was about to accost the soldiers, when one of them turned on him, placing the muzzle of a revolver to his breast, sent a bullet through his heart. Clifford expired almost immediately.

All three of the soldiers then started to run, but two of them were overtaken and captured. The one that did the shooting, however, continued running, with Officer W. E. Griffith on a bicycle in pursuit. The fleeing man dodged between alleys and open lots for several blocks, Griffith patrolling the streets.

On Sixteenth street, near the union depot, the officer saw the man making for the viaduct. He shot at him twice, the soldier returning the fire, mortally wounding Griffith. He died a few minutes later while being conveyed in an ambulance to the station.

The entire police and detective forces of the city were sent out after the man and the country for miles around has been patrolled and searched without getting any trace of the double murderer.

ARE IN DIRE NEED OF HELP.

Victims of Hurricane Need Large Food Supplies.

1,000 DEAD, 100,000 DESTITUTE

WASHINGTON, Aug. 14.—Two dispatches from Governor General Davis of Porto Rico, giving original details of the fearful havoc wrought by the hurricane of last week, were received at the war department yesterday. They were immediately sent to Secretary Root, who already has taken measures for dispatching relief to the people of the island. The secretary expects that the transport McPherson, with a large quantity of rice and beans, will leave New York today, and this will be followed by other vessels as fast as arrangements can be made for sending supplies. He thinks it is the duty of the government to make provision for feeding the people until the aid voluntarily given by the citizens of the country reaches them, and he will exhaust every means at his disposal to this end.

The following are the dispatches received by the War department from General Davis:

The true state of affairs throughout the island is not yet known because of total destruction of all telegraphic connections and great destructions on all roads. Not more than one-fourth of the towns have been heard from but enough is known to warrant the statement that one-fifth of the dwellings in the island are totally destroyed and their owners without any shelter whatever or any food beyond what has been saved from the debris. The coffee crop and most of the trees are ruined and thus reliance for support is gone.

Fully one-third of the people subsist entirely on fruit and a small degree on tubas. All the former is destroyed and much of the latter are rotting in the ground. A great many thousands of cattle are drowned and the debris carried down the rivers is strewn over the ocean with the wreck of the storm and the dead bodies of animals. The deaths from falling walls and drowning will number more than a thousand and may be several times this number. The state of distress is very great and when green fruits saved from the debris are consumed, the suffering will be very great.

Food of all kinds is needed, especially rice, beans and codfish, which has been the main support outside of fruit. Cheap cotton clothing is also needed, for thousands rushed naked from their dwellings at night when the gale broke. Medicines are also needed most pressing, especially quinine and other simple medicines. I estimate that at least 1,000 tons of food will be required weekly for several weeks.

While I have not yet full data, I repeat the estimate that at least 100,000 people are homeless and destitute. General Davis' second dispatch: Further but still incomplete reports confirm previous cable reports as conservative.

ANOTHER REBEL TOWN TAKEN

Americans Capture San Mateo—Loss, Three Killed, 13 Wounded.

NEGRO TROOPS FOUGHT NOBLY

MANILA, Aug. 14.—A reconnaissance by troops of General Samuel B. M. Young's brigade with the object of discovering the whereabouts of the enemy near San Mateo, northeast of the San Juan reservoir, about ten miles from Manila, resulted in the occupation of San Mateo.

The American loss was three killed and thirteen wounded, including a lieutenant of the Twenty-first infantry.

The Americans approached San Mateo in three columns. Major Cronin, with fifteen men of the Twenty-fifth infantry, advanced from Novaliches, five miles west of San Mateo. Captain Rivers, with 100 men of the Fourth cavalry, and Captain Parker, formerly lieutenant colonel of the Twelfth New York volunteer regiment, with 250 men of the Twenty-first and Twenty-fourth infantry, and the Fourth cavalry, approached in two columns from the south.

Major Cronin experienced many difficulties arising from the condition of the country and failed to effect a junction with Captain Rivers west of San Mateo, as had been planned.

Captain Rivers, advancing, took an outpost of the enemy two miles southwest of San Mateo. He then encountered strong resistance among the hills, the enemy firing from excellent positions. Having failed to connect with Major Cronin, and seeing that town was already occupied by the Americans, Captain Rivers withdrew, covering his withdrawal with a heavy volley. A sergeant was killed.

Captain Parker, on advancing, found the enemy strongly entrenched on the far side of some rice fields, about a mile wide and covered with deep mud. Pushing forward rapidly, he routed the Filipinos after forty minutes' fighting and then continued the march upon San Mateo, which he entered without serious resistance about 1:30 in the afternoon.

Major Cronin entered the town about 4:30. The Americans still occupy the place. Our men were exhausted by the heavy marching. Twenty-three of the enemy are known to have been killed.

This is the first action in which Colonel Burt's colored troops participated. They behaved well, their leaders having difficulty in holding them back. It is estimated that the enemy numbered between 300 and 400 men.
